**If you can't find your schedule or just want to know what ice your on before the game, they are listed on the website. Thanks Justin**

I, Brenda Barham, would like to mention that the club members are fantastic in the way that everyone has supported the club when it comes to our fundraisers. I believe that it has brought out the best in our members by getting our members to socialize with each other, when you might not see the person otherwise. Everyone deserves a pat on the back for this.

**THE MONDAY NIGHT SKIP'S CHOICE FUNDRAISER** was a success in spite of the weather at the beginning of the day. Jerry just doesn't bring out the best in the weatherman. The auctioneer was something else!!

Jerry Saunders has decided time has come to give up his extra duties at the club. It is with regret that the executive receives his resignation from these duties. Therefore we need people to replace Jerry in a number of positions. Anyone Interested - besides curling, here is what Jerry did.

Ice committee, convenor for Monday Night curling and convenor for Monday Night fundraiser, Sr. Men's Bonspiel in December and Sr. Mixed Bonspiel in February
